THE END OF AN ERA

3

A NURSE'S PLEDGE

I solemnly pledge myself before God and in the presence of this grand assembly, to pass my life in goodness and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of the nursing profession and will hold in my confidence all of the personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my career. With all loyalty I endeavor to aid the physician in his work, and devote myself to the welfare of those in my care.

Dedication

The Class of 1973-74 has chosen to dedicate this Yearbook to Mrs. Bette Trider. In her travel from the east to the west coast she has spent an "interlude" of fourteen years to date with St. Michael's School being the recipients of the warmth, honesty, and generosity that "MRS. T" has lavished on our students and staff as well as on our families and friends. These and other of her motherly qualities, nurtured on the east coast of Canada, have had an impact on our growth that will serve us in good stead the rest of our lives.

We hope that by this dedication we can show in some small part our appreciation for all the many things Mrs. Trider has done for us all.

"LOVE is a four letter word"

Dear Graduates:

My sincere congratulations and best wishes for a happy and successful career in Nursing. My prayer for you is: that you will continue to become noble women who because you are peaceful, joyful and loving know how to bring peace, joy and healing to those whom you serve professionally, as well as to your colleagues, family and friends.

Be assured of my continued interest in you. Do stop by for a visit from time to time. God bless you always.

Sister Marion Barron.

Faculty

When you entered the school two years ago, you did not know that you were to become part of history. You became involved in a significant event almost inadvertently. Nursing offers many opportunities for you to become involved in significant events in other people's lives, often inadvertently. What you are then and what you do then matters a great deal. My hope is that all ninety of you will be good and will do good.

Maureen Komlos.

PRESIDENT'S MESSAGE

In the past few weeks, I've heard, and also said, "Well, this is it. This is the end." Happy, and sad, we recall memories from September to July. For the graduates, now is the end of the beginning towards a new career... and for those following closely behind, you are not far from a new mode of life.

I hope that friendships made over the span of two years will be friendships kept for many more. On behalf of the Students' Council 1973-1974, I only wish for fulfilled dreams, and happiness in what lies ahead.

All the best,
NINA

THE GEORGE BROWN COLLEGE OF APPLIED ARTS AND TECHNOLOGY INTERNAL NEWSLETTER

APRIL 24, 1974 -- Sister Marion Barron, CSJ, PhD, Director of Nursing at the St. Michael's School of Nursing, now known as the St. Michael's Campus of The George Brown College of Applied Arts and Technology, has been appointed the first Dean of the newly-formed Division of Nursing at George Brown College.

The appointment was announced today by George Brown College President Clifford Lloyd.

The Nursing Division at George Brown College consists of five former Toronto Schools of Nursing -- Nightingale, St. Joseph's, St. Michael's, Toronto General and Toronto Western -- the administration of which was transferred to the College on September 1, 1973.

Sister Marion Barron will assume the Deanship on June 1, 1974.

A renowned figure in the world of nursing, she brings to the position a wealth of knowledge and experience. Her educational background is diverse, covering the arts, nursing, education and administration. She is the recipient of numerous certificates and degrees, including a Bachelor of Science from St. Louis University, a Master of Arts and Master of Education (Nursing) from Columbia University and a Doctor of Philosophy from The Catholic University of America. With typical foresight, her PhD thesis (1971) focused on the move of diploma nursing education into the Colleges of Applied Arts and Technology.

Sister Marion Barron has been the director of two schools of nursing: St. Joseph's, 1951 - 1964, and St. Michael's, 1964 until the present time. She was instrumental in organizing the highly successful Quo Vadis School of Nursing in the 1960's, and her proposal for a BScN program at York University is a matter of record.

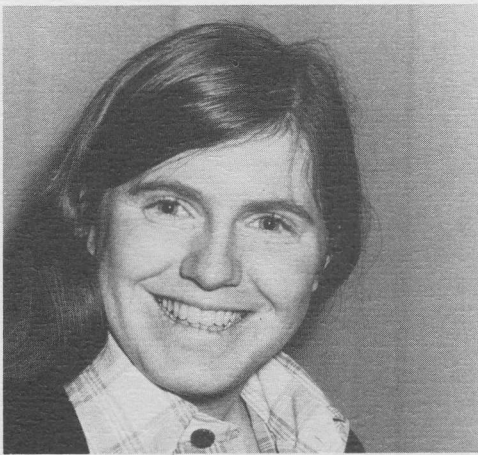

In addition to her academic and administrative skills, Sister Marion Barron enjoys the support of her peers within the nursing profession. Recently elected to membership in the College of Nurses of Ontario, she presently serves as chairman of two important committees: the Complaints Committee and the Committee on Admission to the Registrar and Accreditation. She has been a member of the Registered Nurses' Association of Ontario since 1938, Vice-Chairman of the Canadian Conference of Catholic Schools of Nursing (a division of the Catholic Hospital Association of Canada) from 1960 - 1964, and a member of the Committee on Nursing, the Ontario Conference of the Catholic Hospital Association, from 1961 to 1964 and again from 1971 to 1973.

She has been concerned with innovation and professional development in nursing education throughout her long and varied career, and her present contribution in developing contemporary Operating Room Nursing and Critical Care Nursing programs is of major significance.

Yearbook

Staff

C. Young- Editor

T. 'tHart- Co-Editor

Editor's Message

A yearbook is to everyone exactly the same thing, a source for memories of the years that were spent in nursing. Those crazy days on wards when you wondered if anything could ever go right and if there was any purpose in continuing this career. Then came the final day of graduation when all that really remains is the good times and how everything they went through was worth it. We hope that this yearbook will help keep the memories for years to come and that you get as much joy out of it as we did producing it.

To the graduates, best in the future jobs, and to the undergrads we hope that you are able to receive as much benefit from the school as all previous grads have and that those in the future shall receive.

Best of luck to next year's editor Cathy Ragan.

Carol & Trudy

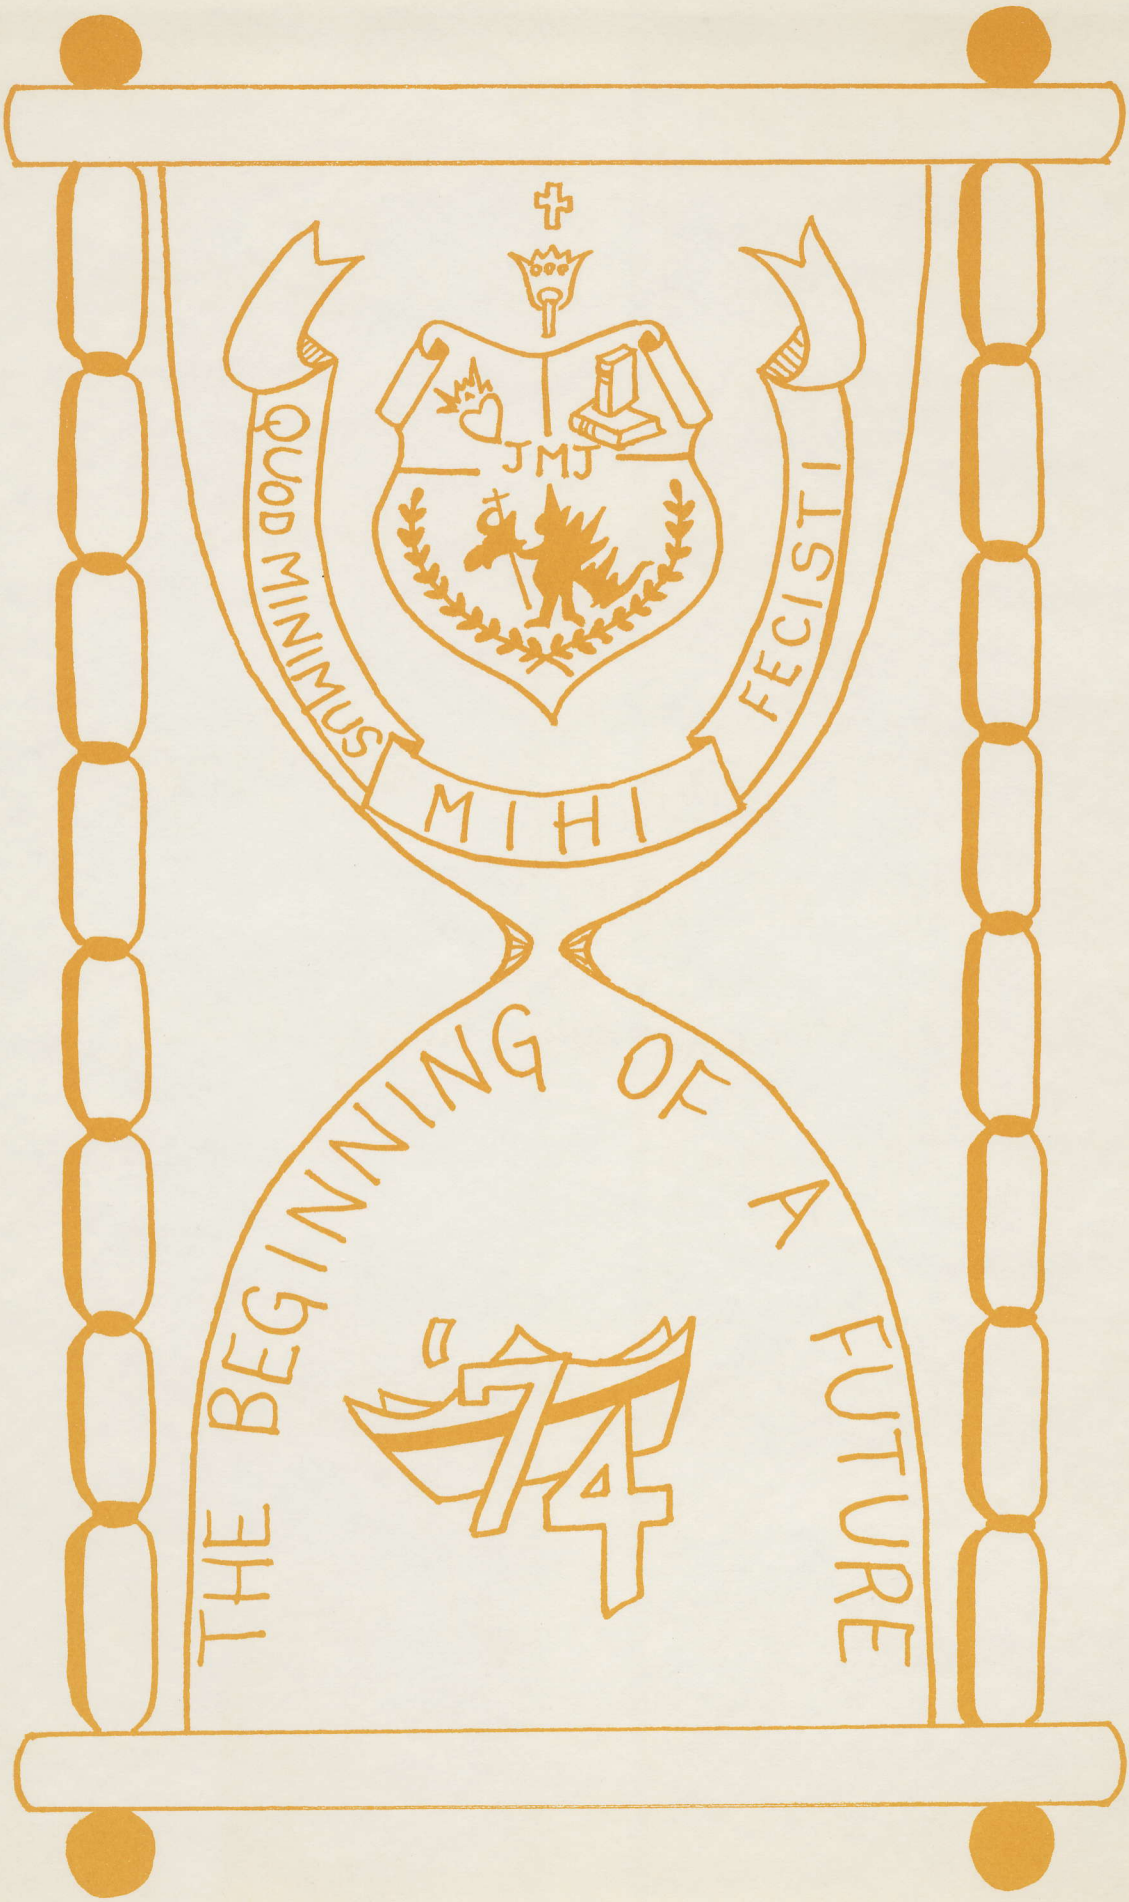

BACK ROW: M. Cocek, L. Watt, R. Epp, M. Wilson, A. Jourdain, C. Ragan, J. Ellery. MIDDLE ROW: C. Young, K. Hughes, J. Bergman, Sr. Beth Bryan, T. 'tHart, C. Mindorff, P. Laking. BOTTOM ROW: C. Parker, L. Halikias, L. Deketelaire, D. Sinnott, P. Arnold.

No Way Back
Lean on the Future. There
if anywhere.
you walk upon the water.

All that was true at first
is true at last
but there is no way back
into the past.

But through the future,
There if anywhere
the miracle must happen.
