GOLDEN JUBILEE
HOTEL DIEU HOSPITAL
WINDSOR, ONTARIO

1888 - 1938

INFIRMUS, ET VISITASTIS ME

HISTORICAL BRIEFS

- 1888—September 14—Without funds, and depending on the generosity of their friends for success, five Sisters of Hotel Dieu of Montreal arrived in Windsor to build the city's first hospital. This little band of courageous women included Mother Paquet and Sisters Carriere, Boucher, Lamoureux and Victoire.
- 1888—November 29—Blessing and laying of cornerstone of new hospital by the Rt. Rev. John Walsh, D.D., Bishop of London.
- 1889—October 13—Dedication of Hotel Dieu Hospital.
- 1890—February 13—Sisters admit first patient, Miss Katharine Flynn.
- 1890—June 2—Opening of orphanage for colored children.
- 1891—September 11—Agreement made with the Home of the Friendless to admit indigent sick. First annual report for government. First hospital grant \$1066.25.
- 1892—September 6—First staff meeting.
- 1896—August 26—Death of the founder, Very Rev. Dean J. T. Wagner.
- 1899—July 3—Orthopaedic department opened under the supervision of Miss Zoe Crud.
- 1907—May 15—Opening of new wing with capacity of 27 beds.
- 1907—October 9—Inauguration of training school for nurses.
- 1915—July 10—Obstetrical department added.
- 1917—December 23—Opening of new nurses' residence.
- 1923—June 23—Hotel Dieu approved for Standardization by American College of Surgeons.
- 1927—May 12—Opening of pediatric department.
- 1932—October 14—Installation of \$30,000 central heating plant.
- 1935—November 2—New central dietary department blessed and placed in operation.
- 1936—May 11, 12, 13—Tercentenary celebration of founding of Order in La Fleche, France.
- 1937—June 16—First sod turned for construction of \$350,000 addition.
- 1937—November 7—Blessing and laying of cornerstone by the Most Rev. John T. Kidd, D.D., L.L.D., Bishop of London.
- 1938—May 29—Blessing and formal opening of new 120-bed wing by His Excellency, Bishop Kidd.
- 1938—June 1—New building in service. Mrs. Alan C. Prince admitted as first patient.

FOR MANY YEARS WINDSOR'S ONLY HOSPITAL, HOTEL DIEU HAS SERVED WELL FOR HALF A CENTURY

FIFTY YEARS OF PROGRESS

*I*N ITS INCEPTION a small building off on the edge of a small town, Hotel Dieu Hospital is today a decidedly important factor in the life of one of Canada's busiest and most important cities.

In the beginning the Religious Hospitallers of St. Joseph had little more than an unlimited faith in Divine Providence to support them in their efforts to create a hospital centre in Windsor. With never a penny wasted, with an extreme minimum of expenditure for food and other basic necessities of life for themselves, the first nuns of Hotel Dieu knew real hardship in their early years here.

But there was something that saved this hardship from becoming unbearable—the faithful support of their many friends outside the walls of Hotel Dieu. From these benefactors there came donations of food, money, equipment and other vital necessities, without which this worthy institution could not have survived. In many cases these gifts were small intrinsically but vast in their power to strengthen the faith of the Sisters in the final success of their undertaking. Today that success is theirs. Today a new and greater Hotel Dieu stands for the ages a monument to all those who have helped through the years since its foundation.

Looking at the new Hotel Dieu from Ouellette Avenue. A pleasing combination of red brick, sandstone and limestone makes it one of the city's most attractive buildings.

A view of the new building from the rock garden.

The spacious lobby, centre of the manifold activities throughout the five floors and basement.

Rev. William Bourdeau, Chaplain of
Hotel Dieu since June, 1932.

THE CHAPEL

Here at Mass at dawn, nuns and
nurses ask God's guidance through
the day and through their lives.

MOST REV. JOHN T. KIDD, D.D., L.L.D.
BISHOP OF THE DIOCESE OF LONDON SINCE SEPTEMBER 23, 1931.

THE FOUNDER OF HOTEL DIEU

Very Rev. J. T. Wagner, Dean of
Essex, pastor of St. Alphonsus Church
for 32 years. A humble, brilliant
man whose zeal and energy brought
Hotel Dieu into being. Born 1837.
Died 1896.

THE FOUNDESS OF HOTEL DIEU

Rev. Mother Josephine Paquet,
leader of the little band of pion-
eer nuns who built the first
Hotel Dieu, prototype of today's
splendid institution. Born 1854.
Died 1917.

TO ALL WHO HAVE HELPED

OUR CONSTANT PRAYER is that God will bless you a thousandfold for your financial help and other kindnesses to us. To our Bishop and priests, our city officials, our devoted doctors, our benefactors in all walks of life, we say, from the bottom of our hearts, "Thank you". In more than one hour of trial you have stood by us, giving us the solid comfort of your encouragement and co-operation.

We are indebted to the advisory board of the building committee, comprising Mr. A. F. Fuerth, chairman, Sir Harry Gignac, Mr. W. Henry Cantelon, Mr. George M. Duck, Mr. Frank G. Mitchell and Mr. Harry E. Guppy, whose efforts have been invaluable in the successful completion of the New Hotel Dieu of 1938. Over a period of many months these men worked untiringly to help us achieve our dream of a greater hospital.

To the Ladies' Aid of Hotel Dieu we owe a debt of gratitude. For more than forty years this organization has provided the means to maintain our hospital equipment at the highest standard.

Our deepest appreciation goes forth, too, to the Nurses' Alumnae Association for the whole-hearted assistance of its members whenever duty calls them to care for the many needs of sufferers in the city.

And equally great is our gratitude to the service clubs and other organizations for their constant assistance in the various spheres of our work.

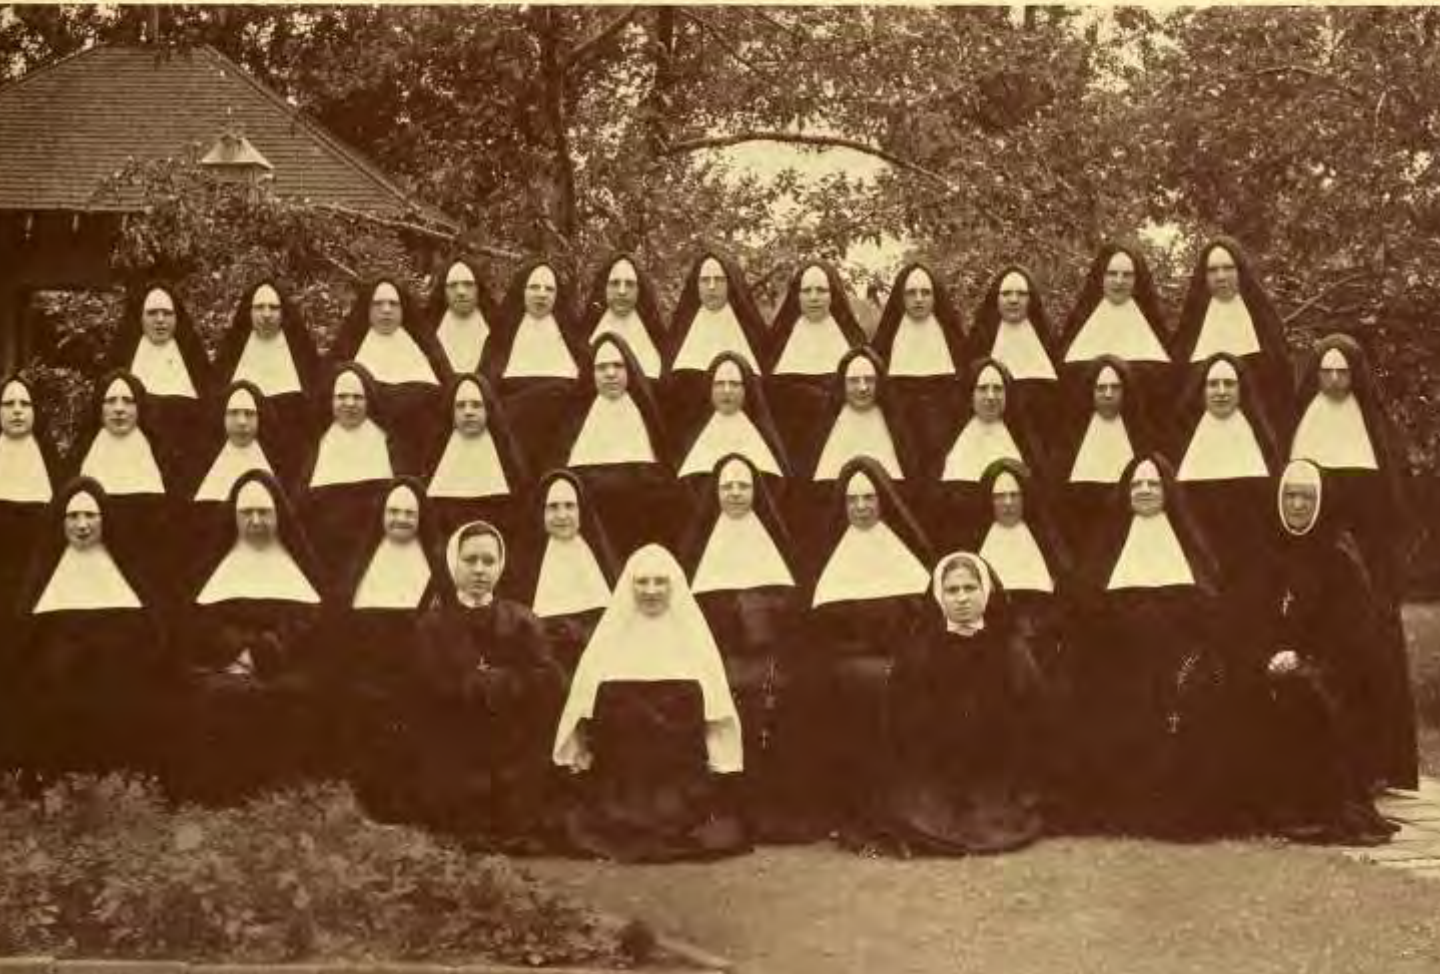

To all of you we say again, "Thank you, and God bless you."

THE SISTERS OF HOTEL DIEU.

DOCTORS' WAITING ROOM

THE MEDICAL STAFF

All appointments to the Medical Staff of physicians and surgeons are made by the Administrative Board upon recommendation of the Staff.

The Staff is divided into the following departments:

Medicine	Neurology	Urology
Surgery	Pediatrics	Anaesthesia
Obstetrics	Pathology	Dentistry
Gynaecology	Roentgenology	Eye, Ear, Nose, Throat

Regular monthly meetings are held for reviewing cases treated during the past thirty days, and for discussion of unusual cases and various advances in technique. The staff includes a president, vice-president and secretary, and is divided into senior, consulting and associate groups.

Standing—Doctors Chas. J. Hemond, S. M. Asselstine, G. H. Shepherd, B. H. Luborsky, F. R. Guest, R. E. Taylor.
Sitting—Doctors C. S. Sanborn, W. M. Master, A. L. Poisson, E. H. McGavin, A. B. Holmes.

Standing—Doctors J. F. Campbell, R. D. Morand, G. F. Lewis, W. J. Besley, J. F. Adams.
Sitting—Doctors W. C. Doyle, U. J. Durocher, C. L. Fuller, G. E. White, R. B. Robson.

Standing—Doctors R. J. Coyle, E. C. Harris, A. Lawlor, J. M. Young, N. Sylvestre.
Sitting—Doctors L. J. Girard, R. E. Holmes, G. R. Cruickshank, E. C. Windeler, J. M. Cole.

Standing—Doctors D. Y. Greene, J. Arthurs, D. F. McLachlan, G. F. Laing, L. G. McCabe.
Sitting—Doctors G. T. Whitty, A. E. Stewart, W. D. Lanspeary, C. A. Langmaid, S. E. Rutherford.

Standing—Doctors F. J. Furlong, H. L. Savage, D. Sé. J. Wigle, H. Crasweller, C. W. Procunier, G. A. McTaggart.
Sitting—Doctors J. P. Bolcy, C. H. Dwyer, G. H. Grant, F. A. Brockenshute, C. R. Weber.

Standing—Doctors E. Beuglet, E. Durocher, G. A. Hassard, H. D. Taylor, C. V. Mills.
Sitting—Doctors B. Seymour, G. M. Flock, E. C. Ladouceur, R. Lanone, A. J. Jacques.

Standing—Doctors D. I. Snider, J. G. Campbell, J. Moskew, F. Adams, W. M. Wilson.
 Sitting—Doctors J. A. Davies, M. S. Douglas, A. H. Trotter, J. T. Robert, S. H. Campbell.

Standing—Doctors P. Polson, G. Morris, G. George, E. R. Myles, Jas. Gow, J. J. Humphries.
 Sitting—Doctors J. P. Patent, H. B. Smith, F. McLennan, E. D. Hutchinson, H. H. Lucas.

REQUIESCANT IN PACE

THE STATUS of the Hotel Dieu of today, as one of Canada's leading hospitals, a member of the Catholic Hospital Association of the United States and Canada, of the American Hospital Association and of the Ontario Hospital Association, is due in large measure to the efforts of friends of earlier years, most of whom have now passed on to their reward.

Among these departed friends special mention must be made of the doctors who have gone to reap the fruit of their kind deeds.

STORY OF THE CLINICS

ORTHOPAEDIA. Inauguration of the orthopaedic clinic at Hotel Dieu in 1899 marked one of the first efforts in Canada to correct bone deformities. Today it is one of the best in America. The work of the late Dr. R. H. Casgrain, the late Dr. C. W. Hoare and the late Dr. J. O. Reaume is being ably carried on today by Dr. F. A. Brockenshire, a member of the staff since 1932. Each Friday morning a clinic including complete examinations and X-rays is devoted to crippled children sponsored by the Windsor Rotary Club. Patients requiring corrective plaster cast treatment are cared for on Saturday mornings.

SIGHT SAVING. Since 1929 hundreds of children have been saved from adult blindness by the generosity of the Windsor Lions Club, founders of this clinic. This all-important out-patient work, conducted once weekly by Dr. Ernest Beuglet, specialist and member of the hospital staff, includes complete free eye examinations. Where glasses or new lenses are required, these are provided by the Lions Club.

SIGHT SAVERS. Efforts of the Windsor Lions Club have prevented blindness and restored sight among hundreds of children in Windsor and the surrounding district during the period since 1929.

LIMB SAVERS. For 15 years the Windsor Rotary Club has been supporting the Orthopaedic Clinic, making it possible to give crippled children corrective operations aimed at restoring their limbs to normal.

CHILDREN'S PLAY ROOM. Pleasant surroundings and interesting games maintain that happy mental attitude which is so important in convalescence of young patients.

PEDIATRICS AT HOTEL DIEU

Since it was first opened on May 12, 1927, the children's ward has been one of the busiest departments of the institution. Today the entire fifth floor of the new wing is used for youngsters. Concentration of this particular group of patients in one part of the hospital, under a separate staff of nurses supervised by a Sister who is a post graduate in Pediatric Nursing, has increased the efficiency immensely.

Some of the special features of this department are air conditioning of several rooms, a spacious open air sun porch, and vita-glass in all windows. Irradiation of children through the latter and the use of quartz lamps has proven exceptionally effective, particularly with patients whose treatment necessitates confinement to bed for lengthy periods.

CHILD'S PRIVATE ROOM

ADMITTING ROOM

preliminary examinations
safeguard against trans-
mitting any contagion.

A COT ROOM

One of three in the chil-
dren's ward. Air-conditioned.

X-RAY ROOM

X-RAY DEPARTMENT

This important division of Hotel Dieu dates from 1908, with Dr. George Chene of Detroit, who had donated the first machine, carrying on the diagnostic work for several years. More equipment was purchased by the hospital in 1920 and again on completion of the new addition this year. This department also includes an alpine lamp and two zoalites for treating certain nutritional disturbances and skin conditions, as well as radium treatment of carcinoma cases, under the supervision of Dr. C. L. Fuller.

The X-ray department is in charge of Dr. J. M. Cole, assisted by one of the Sisters who is a graduate X-ray technician.

PATHOLOGICAL DEPARTMENT

PATHOLOGICAL DEPARTMENT

Here the latest equipment quickly shows the exact condition of a patient. In addition to ordinary examinations, the Pathological department is also equipped for basal metabolisms, the method of determining the activity or inactivity of the thyroid gland, and electrocardiograms, the tests which show the condition of the heart.

This department is in charge of Dr. S. M. Asselstine, assisted by a Sister, a full-time technician and a nurse in training.

CYSTOSCOPIC ROOM

An examining room for bladder and kidney ailments, in charge of Dr. J. A. Davies and Dr. J. T. Robert.

MINOR OPERATIONS

Special equipment for eye, ear, nose and throat operations. Another similar room is available whenever necessary.

THE FRACTURE ROOM

Here special appliances expedite the work of setting fractures of all kinds. An improved type of viewing box shows an illuminated enlargement of the X-ray picture of the fracture, for the doctor's guidance while working.

CYSTOSCOPIC ROOM

THE MAIN OPERATING ROOM

Special adjustable lights and the latest type of operating tables facilitate the surgeon's work and make operations less lengthy. Hotel Dieu has three major and two minor operating rooms with an average of 2,800 operations every year.

MINOR OPERATING ROOM

FRACTURE ROOM

OBSTETRICS

This department is in charge of two Sisters, each of whom has had a year's post-graduate course in obstetrics in St. Mary's Hospital Brooklyn, and Woman's Hospital, Detroit, respectively. They are assisted by ten to twelve nurses in training.

LABOR ROOM

Since March 7, 1910, when the first baby was born in Hotel Dieu, constant improvements have been made in this department until today it is one of the best-equipped in the country, with two delivery rooms, nursery and incubator, along with the most advanced equipment. An example of the latter is the monel metal bath table for babies which is warmed electrically from underneath. While the baths are being given, the babies' clothes, previously wrapped in separate packages and sterilized, are warmed in heated compartments of the table. The nursery of 34 cots, air-conditioned throughout, includes a separate smaller nursery of four cots, specially equipped for care of premature infants.

DELIVERY ROOM

THE NURSERY

Thirty-four babies can be accommodated at one time, girls in one section, boys in another. Air-conditioned throughout.

BABIES' BATH

A monel metal table, kept pleasantly warm at all times, simplifies this work greatly. Changes of clothing, previously sterilized, are kept warm in cabinets under the table.

DOCTORS' REST ROOM

Comfortable lounges, chairs and shower room make it a truly home-like haven. Here Drs. E. J. Dupuis and F. O. Topping are shown relaxing between cases.

PREMATURE ROOM

Four cots in a separate part of the nursery. Special oxygen equipment and facilities for maintaining heat at an even temperature.

DIETETICS

In addition to being marked by that spick and span tidiness which is the first rule of sanitation in any hospital, the kitchen of Hotel Dieu is further noteworthy because of its advanced equipment, designed to shorten steps, make arduous work unnecessary, and bring about the greatest possible efficiency. In the spacious main kitchen are prepared all meals except those for patients on special diets. All trays are arranged in the diet kitchen under the direct supervision of one of the Sisters who is a graduate dietitian and who attends to all the special diets such as diabetic, anaemic, nephritic and others. Each student nurse is required to spend a month in the diet kitchen, to gain a thorough knowledge of dietetics.

PREPARING THE FOOD

SPECIAL DIETS

THE LAUNDRY

Modern massive laundry equipment is needed to handle the great amount of linen, uniforms and other material requiring constant attention.

CENTRAL LINEN ROOM

Here freshly laundered sheets, blankets and similar requirements are available for immediate use anywhere in the hospital. More efficiency. Less work.

NURSE'S STATION

In a Nurse's Station, all information concerning patients in that section is kept for ready reference.

GENERAL EQUIPMENT

A great saving of time and effort is made with the Central Supply Department, now part of the Hotel Dieu system. In this department, shown above, nurses prepare all dressing trays, and then sterilize them, ready for instant use. In an emergency, any number of these are available at a moment's notice.

UTILITY ROOM

In the Utility Room, right, are appliances for sterilizing instruments and equipment used regularly with patients.

THE SCHOOL OF NURSING

This important department is conducted by a Sister holding degrees of Bachelor of Arts and Bachelor of Science in Nursing.

The course of training covers three years, and includes practical and theoretical instruction in all branches of nursing. For admittance to the course a candidate must have an education equivalent to college entrance.

In addition to classes under the superintendent, student nurses receive lectures from the various staff doctors in their special lines.

A Registered Nurse's Diploma is acquired by passing the final examinations set by the Province of Ontario.

A spacious, comfortably furnished recreation room is at the disposal of student nurses for relaxation when off duty. In addition, a tennis court is maintained for games among themselves or with friends.

Congratulations and Best Wishes
to the
HOTEL-DIEU HOSPITAL
on the occasion of your
Golden Jubilee

For an institution to have lived so long is in itself an achievement. But to have lived so long and served so well is an achievement worthy of the highest praise.

And so at the dawn of another half-century we say "God-speed" . . . and may you go forward to even greater attainment in your service to Windsor and Southern Ontario.
