"In Caritate"

In Memoriam

"The eloquence of the friends of God is irresistible." Was not Christ the most attractive person who ever lived? Men followed Him because He was Goodness in action; men listened to Him because He was Truth speaking simply. Today, two thousand years after the death of Our Lord, those who are dedicated to God are drawing souls to Jesus Christ. Mother St. Bride did just that. Her Sisters recognized in her an unfailing guide who looked for the best in everyone. Those who met her felt they had found a friend; a friend who always had time to help.

Mother St. Bride was an outstanding leader; an admirable balance of gentleness and firmness, exemplified by a deep consideration for others, but at the same time, an unshakeable purpose. Under her guidance, the Community spread rapidly, and is now bringing the Love of Christ to foreign lands.

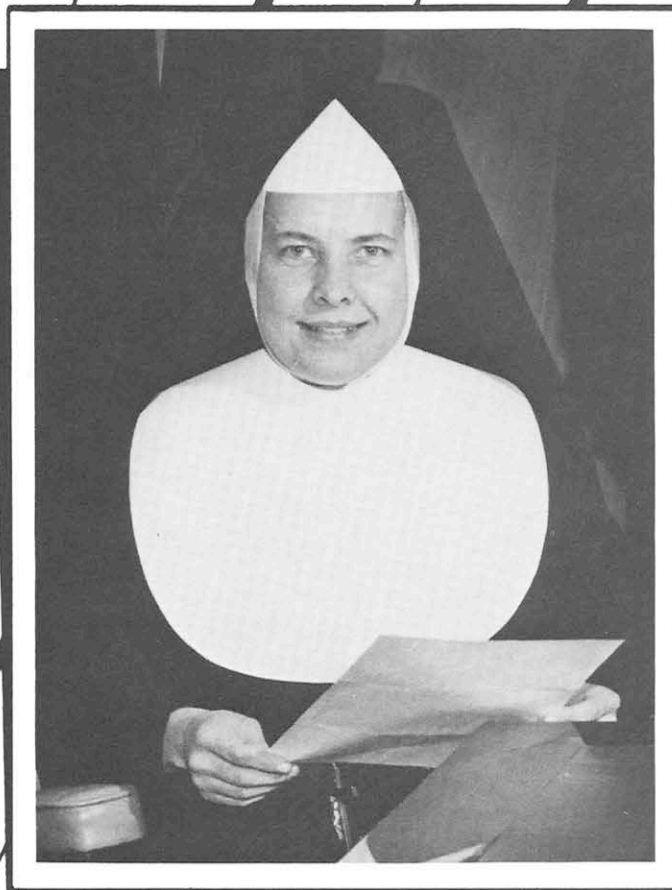

Memories are not lasting, but what has passed into our character becomes our possession. It is a woman's nature to give, and Mother St. Bride gave everything she could; she gave herself. Does greatness ever die? In life, she pointed out the goal and the way -- in death, her blessings will ever strengthen our resolution.

REQUIESAT IN PACE

THE STRENGTH OF TRUTH, CALLED LIGHT,
SHOULD RADIATE IN THE HUMAN SOUL LIKE
SUN OVER DARK LAND.

Dedication

To one who has ever been, A guide to us,
A friend and counselor,
A leader in school spirit;

In recognition for, Your untiring efforts,
Your patience with our problems,
Your genuine interest in us,

We dedicate to you, Reverend Sister Barbara,
The 1963 "In Caritate."

His Excellency
Alexander Carter, D.D.

Bishop of the Diocese
of Sault Ste. Marie

My dear Student Nurses,

Once again it is my pleasure to address to you a few words in the pages of your yearbook.

As I am writing these words on the eve of my departure for the forthcoming Ecumenical Council, my thoughts naturally turn to the place of the nursing profession, and the role it must play in the Church and in the world. For the vocation of the nurse, as few other vocations, gives continual opportunity to show towards suffering humanity that love of persons which is and must be the hallmark of the Church and its members, else this II Vatican Council and all our efforts will be in vain.

Yes, we must first love if the Church, the spouse of Christ, is to conquer, and you as nurses must first love if you hope not only to heal ill, but to conquer man for and with the love of Christ. You will notice that Pope John XXIII has said that the first and most essential role of the Council must be to renew the inner life of the Church for only then will the warmth of its charity attract others to the one fold. So too, will the tenderness and love of Christ mark your own life in your ministrations to the sick only if first your own heart is aware of the reality of Christ suffering in the world today, in the members of His Body. I pray God that in the few short months or years which remain before graduation you may come to know well the professional skills which must be yours if you are to be a successful nurse, and that you may also come to know Christ so that as a successful Christian, you may by your charity and example lead all to whom you minister, ever closer to the heart of Christ.

With my sincere best wishes and paternal blessing, I remain,

Devotedly yours in Christ,

Alexander Carter, Bishop of Sault Ste. Marie.

REVEREND MOTHER ST. EDWARD
SUPERIOR GENERAL OF THE
SISTERS OF ST. JOSEPH OF
SAULT ST. MARIE.

My Dear Nurses,

From the Community of the Sisters of St. Joseph, felicitations on your success.

As you complete your formal study of Nursing, there is a feeling of achievement but there is also a sense of severance with the bonds that have welded you to your hospital home.

Our prayer is that you will continue to give yourself generously to your distinguished profession. May each one of you always remain a student, humble in the presence of greatness, striving with open mind to learn and to enrich every phase of your nursing.

Above all, we hope that you will never lose sight of the fact that the true nurse is an instrument of good beyond measure. Not only does she see Christ in her patients but she brings to them the Christ like virtues of love and generosity.

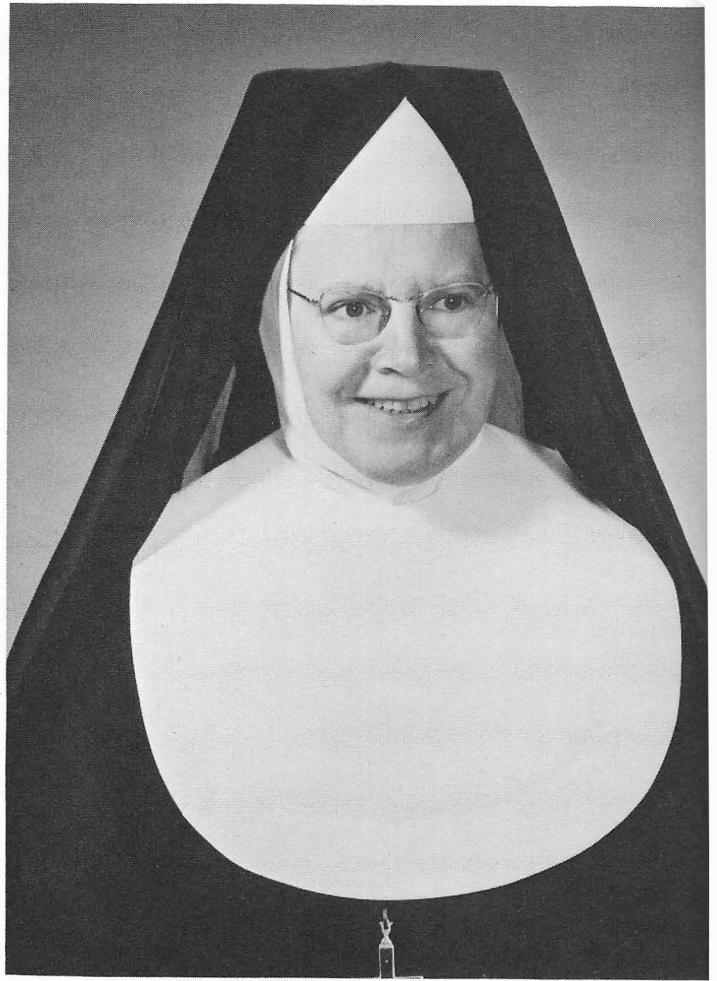

May your efforts to cope with the problems of an increasingly complex world be guided by the clear light of conscience.

May the responsibilities and obligations for the Nurse to the Community in which you work be always crowned with success.

Sister M. St. Edward

Rev. Sister M. Paula

Past Administrator

Dear Graduates,

For two brief years, our paths were linked by the moving finger of destiny in the glorious apostolate of caring for the sick. From the moment I first welcomed you to the hospital, until recent weeks when as a visitor, you welcomed me in return, you have left a pleasant impression in my memory.

Your sweet sincerity, your earnest simplicity, your zeal and generosity in carrying out your daily duties were outstanding qualities of the members of your class. It is my prayer that these attitudes will continue to grow in you, so that all of your efforts will prove fruitful in the eyes of the Divine Physician.

Sister M. Paula.

REVEREND SISTER ST. CAMILLUS

ADMINISTRATOR

MY DEAR GRADUATES,

May we, the Sisters of this Hospital, and the Staff, tender sincere congratulations. Dull of heart we would indeed be if we did not rejoice with, and felicitate you on the completion of your three years of training. We know very well that your graduation day is one of great happiness; probably, too, it may bring feelings of relaxation and relief.

But your relief cannot be of long tenure. For your future joys, if you are faithful to your duties, must come from endeavour rather than from escape.

From your intimate acquaintance with you, we know that your zeal will be untiring in the practice of your profession -- that you will do everything in your power to dignify it and bring honor to it. Train yourselves to work hard, to give your best day by day, but to worry not.

May you go forward "in faith, in fear and in love" and may blessings in abundance be yours.

Sister St. Camillus
Administrator

TO THE STUDENTS

Love of neighbour in action is, I am sure the motto of every good nurse.

Christ's sermon on the mount contained eight Beatitudes; the fifth Beatitude stated, "Blessed are the merciful, for they shall obtain mercy."

Mercy then, is a virtue which influences one's will to have compassion for and if possible to alleviate the misfortunes of our fellow man. Its motive is the misery which one sees in another whether of body or of soul.

This corporal work of mercy then, which you are pursuing is indeed the essence of true charity, and certainly a work which will have God's Blessings, and will bring the reward He has promised to the merciful.

"Congratulations to the Graduating Class and may God Bless You."

"A Patient's Appreciation"

I cannot thank you as I would
For all you've done for me,
I cannot find the words I should
To tell you fittingly.

Your kindness here has meant so much
That only One I know,
Can e'er repay a service such
As this one here below.

Therefore to Him I delegate
What I cannot express,
May God repay you-early-late
For all your kindness.

WHAT IS A STUDENT NURSE

Student nurses are found everywhere, underneath, on top of, running around, jumping over, or slithering past patients' beds. Doctors yell at them, head nurses criticize them, interns tolerate them, residents overlook them, mothers worry about them, and patients love them.

A student nurse is courage under a cap, a smile in snowy white, strength in starched skirts, energy that is endless, the best of young womanhood, a modern Florence Nightingale. Just when she is gaining poise and prestige, she drops a glass, breaks a syringe, or steps on a doctor's foot.

A student nurse is a composite. She eats like a team of hungry interns, and works like the whole nursing staff put together. She has the speed of a gazelle, the strength of an ox, the quickness of a car, the endurance of a flagpole sitter, and the abilities of Florence Nightingale, Linda Richards, and Clara Barton all rolled into one white uniform.

To a head nurse, she has the stability of mush, the fleetness of a snail, the mentality of a mule and is held together by starch, adhesive tape and strained nerves. To an alumna, she will never work as hard, carry more trays, make more beds or scrub on more cases than her predecessors.

A student nurse likes days off, boys her own age, the O.H. affiliations, certain doctors, pretty clothes, her roommate, mom and dad. She's not much on working 3-II, days off with class, alarm clocks, getting up for roll call, or eating corn beef every Tuesday.

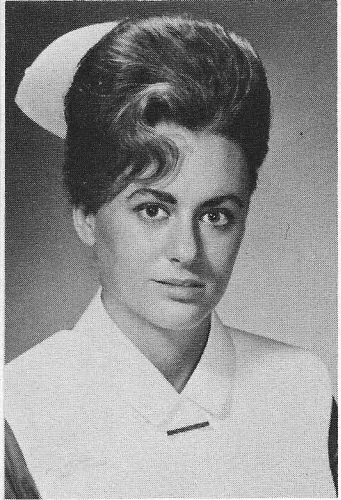

No one else looks forward so much to a day off or so little of working 3-II. No one else gets so much pleasure from straightening a wrinkled sheet or wetting a pair of parched lips. No one else can cram into one little head the course of a disease, the bones comprising the pelvis, what to do when a patient is in shock, how to insert a Cantor tube (usually at 3 a.m.), plus the ten top tunes of the hit parade.

A student nurse is a wonderful creature; you can criticize her, but you can't discourage her. You can hurt her feelings, but you can't make her quit. Might as well admit it, whether you are a head nurse, doctor, alumna or patient, she is your personal representative of the hospital, your living symbol of faith and sympathetic care.

CAPPING 1963.

To a junior nurse, capping holds a very significant and important meaning. It signifies the first big step taken toward the dedication of her life to the caring of the sick.

Sunday evening, Feb. 24, these young ladies, after six months of strenuous studying and practice, were donned with a white nurse's cap. The ceremony was held to demonstrate an accomplishment.

The altar of the Pro-Cathedral of the Assumption was beautifully decorated and St. Mary's Academy choir, under the direction of Sister Mary Clotilde, sang for the occasion. The sermon was delivered by Rev. Charles Brunck, CR, Pastor of St. Rita's Church, and the caps were presented by Rev. Keith McKee, chaplain of St. Joseph's Hospital. The caps were pinned on by the executive of the students' council - Miss Dianne Pritchard, Miss Helen Sheedy, Miss Heather Steele and Miss Trudy Robertson.

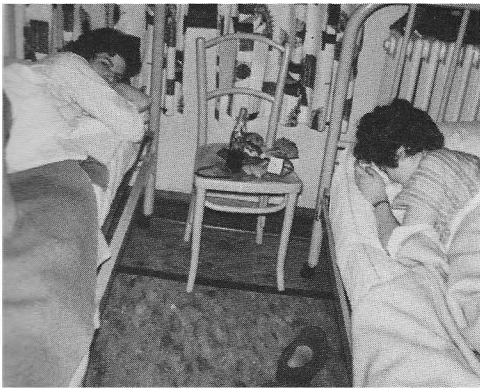

Following the capping ceremony, a reception was held at the nurses' residence. The senior and intermediate students were hostesses to their "Little Sisters" while guests were welcomed by Sister Mary Barbara, Sister Mary Charlotte and Mrs. Velma McLeod.

During the reception the newly-capped junior students were presented with their school bar pins by Mrs. Alex Dupuis and Mrs. George Justice of the Hospital Ladies' Auxiliary. Mayor and Mrs. Cecil Hewitt were present for the occasion.

HISTORY OF INTERMEDIATE CLASS

On September 5, 1962, we first entered the doors of St. Joseph's General Hospital. It was with mixed emotions we, some of us for the first time, left our homes to enter three years of training. However, we soon adjusted to our new environment and made many new friendships.

Initiation made us really a part of the school. Dressed in baby bonnets, kiss curls, and P.J.'s we paraded downtown much to the enjoyment of our seniors.

October 22, marked our "Welcome Dance" and provided us with the opportunity of meeting our seniors out of uniform and, of looking over the male prospects in North Bay.

With the cold weather and due to our love of the outdoors, we decided to have a sleigh-ride complete with horses. "A good time was had by all," and we still haven't decided who acquired the most bruises.

A real milestone in our course came on February 25, 1962, when we received our coveted caps. A beautiful ceremony was held at the Cathedral with our parents and friends in attendance.

The highlight of the year occurred in June - Graduation of our Seniors. A very inspiring and lovely ceremony was held at Scollard Hall. The Graduation Dance provided a never-to-be-forgotten evening for our class who was looking forward to their own graduation.

In the "good-old summertime" a wiener roast is a must, and ours was a complete success. A roaring fire, plenty of good food, and a few involuntary dips in the lake gave us memories to cherish for the rest of our lives.

In September, after our relaxing summer, we came a step closer to our goal -- we received our "Blue Band" and were officially known as "Intermediates".

Our last get-together for the whole class was held at the Golden Dragon where we celebrated our "Half Way Party" by reminiscing our first half of training and eagerly anticipating our remaining "Student Days".

"The Legion of Mary"

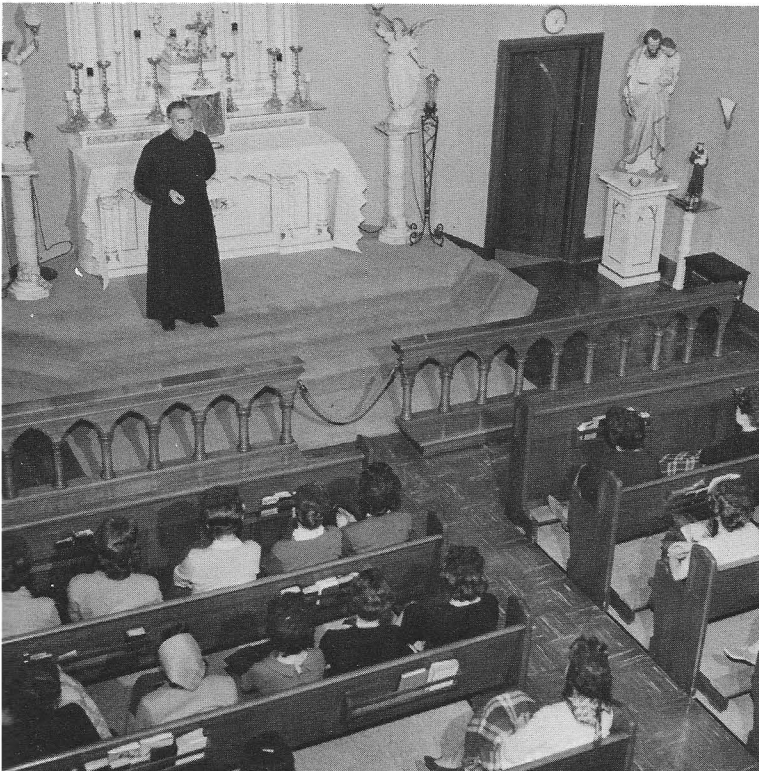

The Legion of Mary established in the School of Nursing in February 1963, under the direction of Mrs. Dupuis.

The Spiritual Advisor pictured here is Father K. McKee.

The group meets every Thursday, at 6:30 p. m.

Its purpose is to bring to the patients in the hospital a better understanding of their religion.

Mrs. Dupuis, Sally Hunter, Jean Besner, Rosemary Belanger, Sharon Cooper, Carol Ann Burns, Daneen Dennie, Jo Anne Whelan, Jo Anne Bottineau, Anne Marie Cuillerier, and Father McKee. MISSING are Leanne Wren, Doris Weisflock, Michelle Ducharme.

Three enlightening days, commencing Feb. 14, made up the 1963 retreat under the spiritual guidance of Father Higgins a Basilian Father.

Father Higgins' conferences were very inspiring and beneficial to all.

The theme of the retreat was "Love--The willing of good to one another".

My dear Graduates of 1963:

Perhaps you will allow me to re-iterate a portion of "my Valedictory" which I endeavoured to present to you at our last Student Council meeting.

"As our school year is drawing to a close, perhaps this will be our last opportunity to be together. At this time I wish to express my sincerest appreciation to each student in the school, to thank you so very much for your respect, love, co-operation and loyalty. During the past years you have become a very integral part of our School of Nursing and consequently each one of you has become a very deep concern of mine.

I owe a great deal of gratitude to the Executive of our Students' Council who have certainly been a real example in the school.

My prayer and wish for each one of you is that you will always live up to the ideals of your School of Nursing, your "Alma Mater". Endeavour to cultivate a genuine interest in others, to give of yourselves, to make others happy. Above all, my dear Graduates never forget the importance of prayer in your daily life. Our Lord once said, "With Me, you can do all things." Smile when things are difficult and remember our motto

"Always look up
Never look down."

I shall always remember the class of '63 and will cherish fond memories of these past three years with you.

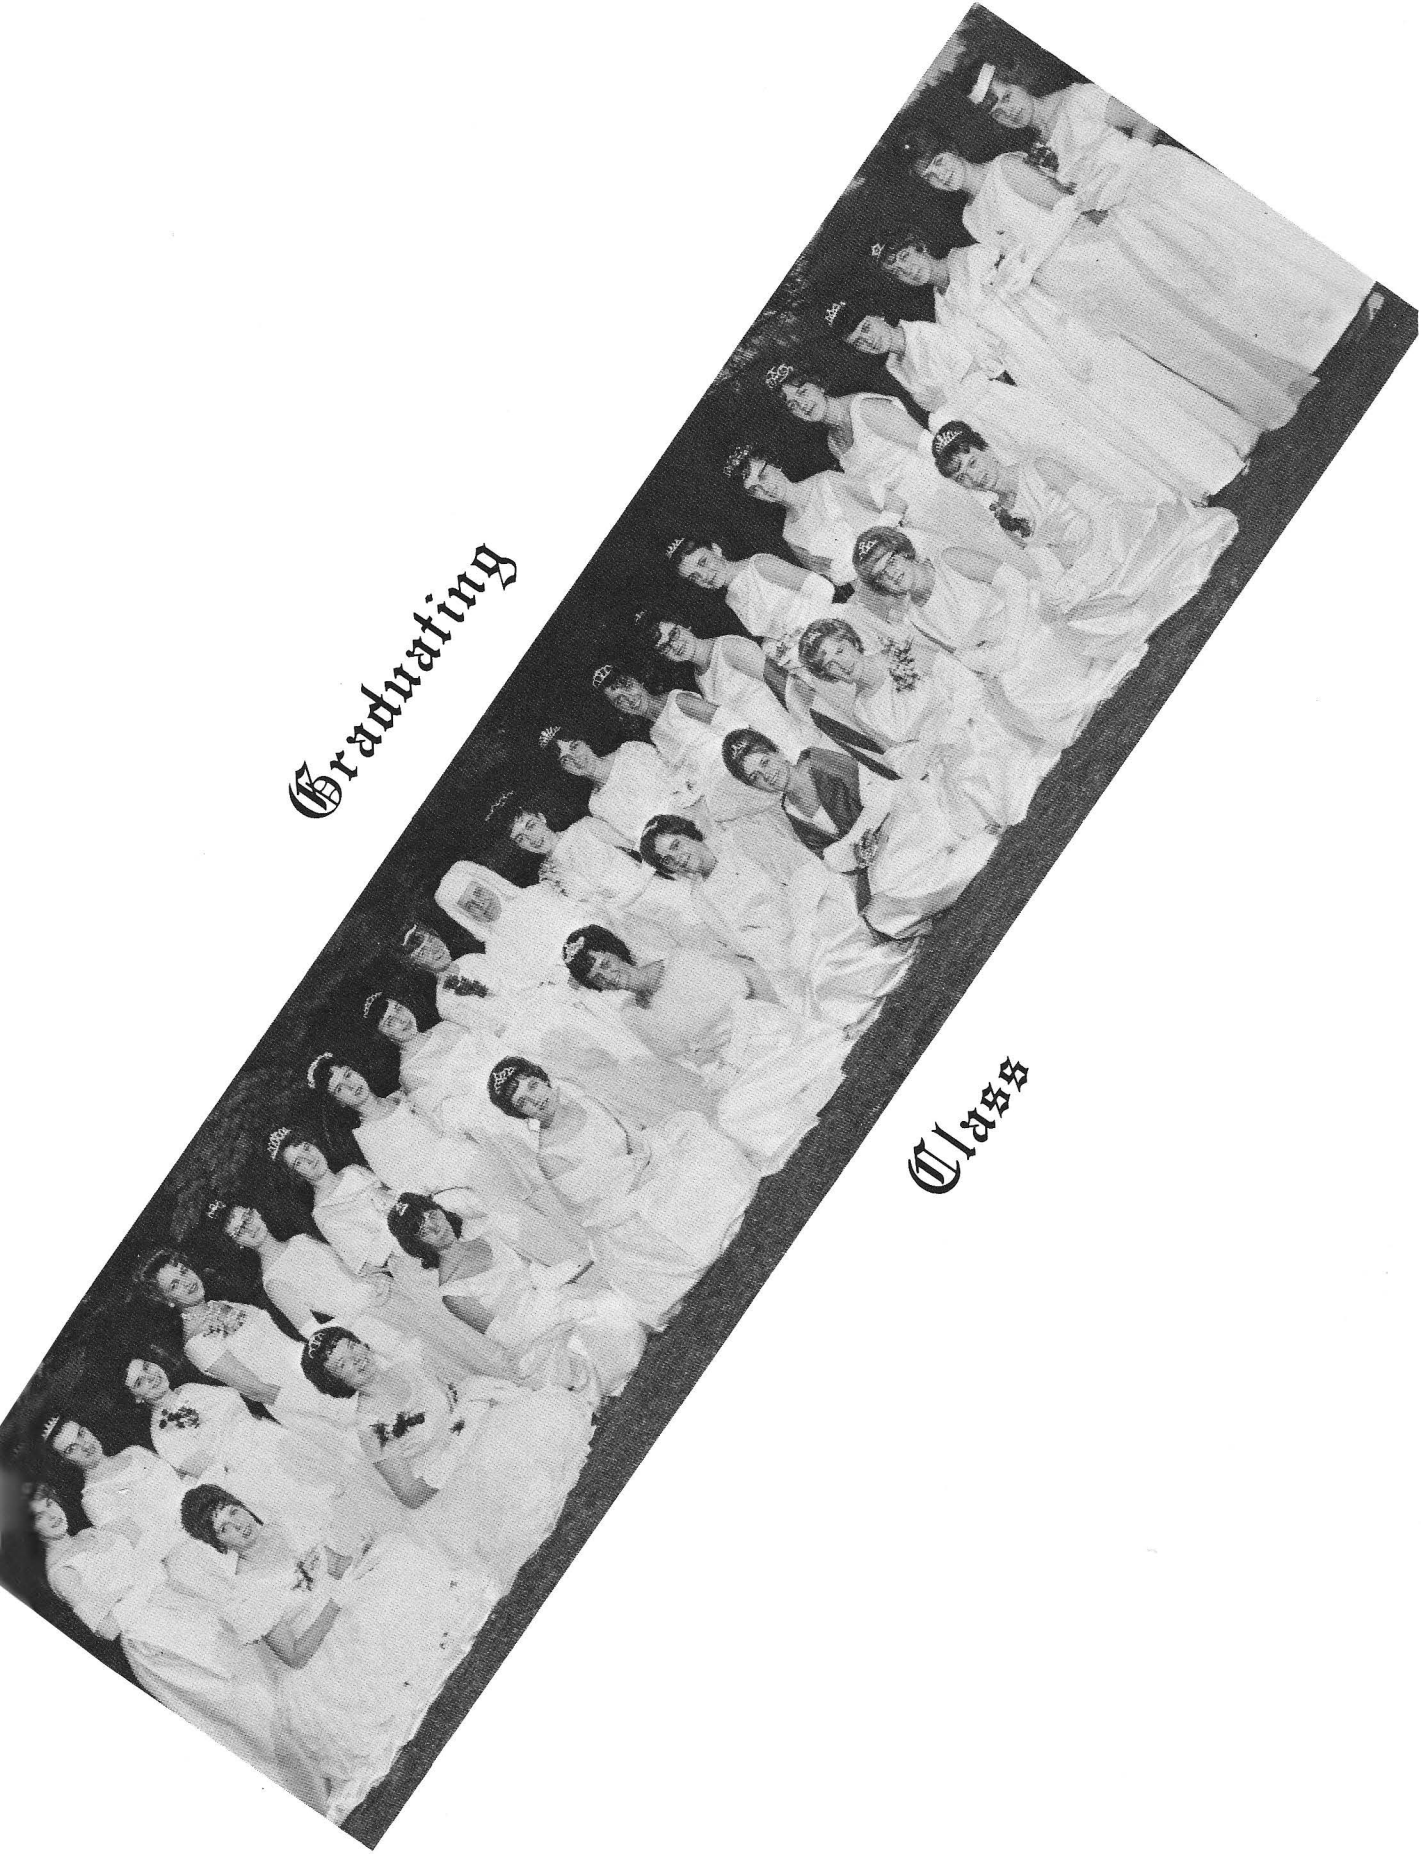

May God bless you always.

Gratefully,

Sister M. Barbara,
Director, School of Nursing.

GRADUATION BANQUET HELD AT THE GOLDEN DRAGON, MAY 29, 1963.

GUEST SPEAKER "DR. CROWE".

A CANDID SHOT OF OUR "GRADS IN ACTION."

GRADUATION MASS STARTED OUT OUR "GRADUATION DAY" MAY 31, 1963.

OUR COMMUNION BREAKFAST.

GRADUATION EXERCISES

That long awaited day, May 31, 1963, "Graduation Day!" had finally arrived.

Our 32 new graduates, gowned in the crisp white uniform of the school, and carrying a large bouquet of red roses, filed into the auditorium of Scollard Hall and proceeded up to the stage to the processional "Land of Hope and Glory" played by St. Joseph's College Orchestra.

The graduates were a striking picture on the stage with the student nurses on the right of the platform and the college orchestra on the left.

Dr. R. M. Jackson, chairman of the exercises addressed the gathering and greetings were extended by several guest speakers and members of the Advisory Board.

Monsignor Pappin was the guest speaker and he delivered a very impressive and inspiring speech about the influence of woman; imparting the idea that nurses should use their influence, striving always to be good nurses and put into practice all they have learned. With this attitude, there is no limit to what they can accomplish.

Dr. Crowe conferred the diplomas and pins to all the graduates.

Our valedictorian Carolyn Staples spoke to the audience expressing the gratitude and feelings on behalf of the class.

The programme closed with the choral number "I'll See You Again" which was dedicated to our Director, Sister Barbara, who helped us reach our goal by her encouragement, kindness and understanding in the past three years.

And so, the long awaited day ended, but there is not one graduate who will ever forget or will not have wonderful memories to cherish in the coming years.

CONGRATULATIONS

Dear Graduates:

As we watched you walking down the aisle graduation night, with eyes sparkling and just a wee bit moist, we relived our own graduation, which was just one short year ago. Every year, graduation time is filled with confusion, parties, presents, pictures, gab-sessions, new clothes and other exciting things. It is really quite a thrill to be the centre of attention for a while.

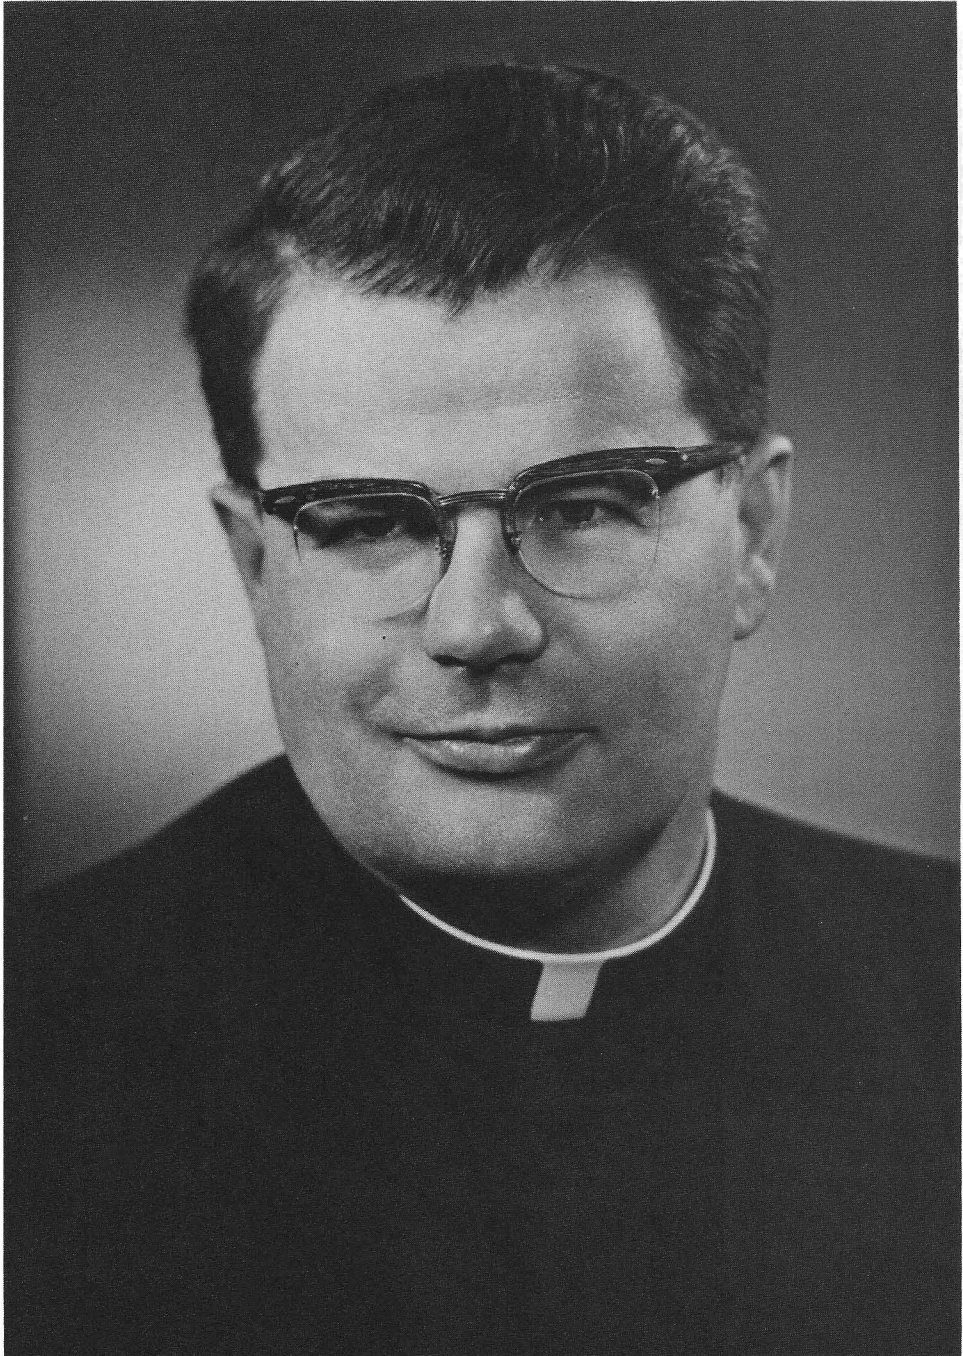

So many different emotions are felt by the new graduate nurse ranging from joy because she is at last finished her training, to sadness because she is leaving the familiar residence life, which is really wonderful, never again will you be so close to so many people at the same time.

Seeing our little sisters finally graduate was almost as thrilling for the class of 62 as for you the Graduating Class. We both laughed and beamed with you during the beautiful ceremony, and cried with you afterwards. So congratulations graduates of '63 and good luck in your R. N. exams.
